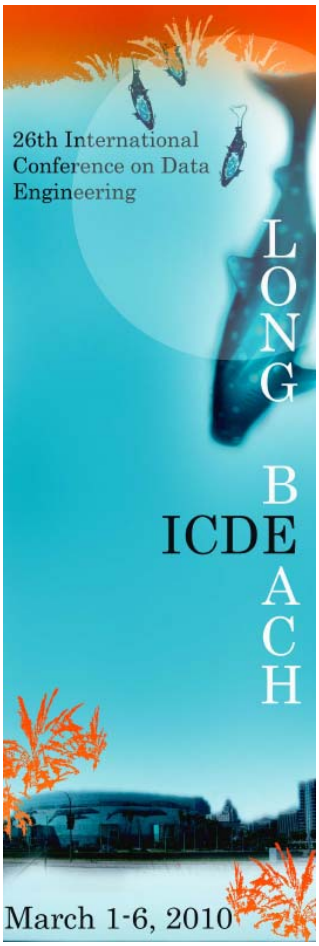
ICDE 2010: 26th International Conference on Data Engineering

Sponsored by the IEEE Computer Society
Long Beach, California, USA, March 1-6, 2010
http://www.icde2010.org



The annual ICDE conference addresses research issues in designing, building, managing, and evaluating advanced data-intensive systems and applications. It is a leading forum for researchers, practitioners, developers, and users to explore cutting-edge ideas and to exchange techniques, tools, and experiences. We invite the submission of original research contributions and industrial papers, as well as proposals for workshops, panels, tutorials, and demonstrations.
ICDE 2010 will be held in Long Beach, California. Long Beach is part of the Greater Los Angeles area, and is known for the Queen Mary ocean liner, the Aquarium of the Pacific, and many other attractions. The ICDE 2010 conference venue will be the Hyatt Long Beach hotel.

Submission Guidelines:

All submissions must be prepared in the IEEE camera-ready format. Research and industrial paper submissions are limited to 12 pages. A paper submitted to ICDE 2010 cannot be under review for any other conference or journal during the entire time it is considered for ICDE 2010, and it must be substantially different from any previously published work (other than posters or short papers with a length of up to 4 pages when converted into the IEEE format).

Submissions to the industrial program may be paper-length or extended abstracts of 1-2 pages. They should present interesting aspects of commercial products and services and lessons learned from practical usage, not research results or prototypes from industry labs.

Submissions are reviewed in a single-blind manner. Authors of research papers will have an opportunity to give concise feedback on preliminary reviews within a one-week time window.

All accepted papers will appear in the proceedings. The online proceedings may be published as early as February 1, 2010. Accepted papers will be either long (12 pages) for complete technical work or short (4 pages) for innovative ideas. The best papers will be selected for extended versions to be published in the IEEE Transactions on Knowledge and Data Engineering. IEEE reserves the right to exclude a paper from distribution after the conference (e.g., removal from IEEE Xplore) if the authors do not attend the conference to present their paper.

Important Dates:

Abstracts due: June 10, 2009 (research papers)	Full paper submissions due: June 17, 2009
Author feedback time window: August 4-10, 2009 (research papers)	Notification of authors: September 9, 2009
Final versions due: October 19, 2009	Conference date: March 1-6, 2010

General Chairs:
Umeshwar Dayal (HP Labs, USA)
Vassilis J. Tsotras (UC Riverside, USA)

Program Committee Chairs:
Shahram Ghandeharizadeh (USC, Los Angeles, USA)
Jayant Haritsa (IISc Bangalore, India)
Gerhard Weikum (MPI Informatics, Germany)

Program Committee Area Vice Chairs:
Sihem Amer-Yahia (Yahoo!, USA): Social Networks & Personal Info
Mike Böhlen (U Bolzano, Italy): Temporal, Spatial & Multimedia Data
Ihab Ilyas (U Waterloo, USA): Text and Uncertain Data
Qiong Luo (Hong Kong UST, China): Distributed, P2P & Mobile Systems
Felix Naumann (HPI Potsdam, Germany): Data Integration & Interoperability
S. Sudarshan (IIT Bombay, India): Query Processing and Optimization
Wei Wang (UNC Chapel Hill, USA): Data Mining
Jeffrey Xu Yu (CU Hong Kong, China): Web Applications
Michael Benedikt (Oxford U, UK): Semistructured Data
Susan Davidson (U Pennsylvania, USA): Scientific Data
Masaru Kitsuregawa (U Tokyo, Japan): Indexing and Storage
Volker Markl (TU Berlin, Germany): Systems, Experiments, Applications
Elke Rundensteiner (WPI, USA): Business Intelligence and Services
Kian-Lee Tan (NUS, Singapore): Streams and Sensor Networks
Marianne Winslett (UIUC, USA): Privacy and Security

Industrial Chairs:
Michael Carey (UC Irvine, USA)
Fabio Casati (U Trento, Italy)
Edward Chang (Google, USA)

Demos Chairs:
Ioana Manolescu (INRIA, France)
Sharad Mehrotra (UC Irvine, USA)

Workshop Chairs:
Christian S. Jensen (Aalborg U, Denmark)
Renee Miller (U Toronto, Canada)

Panel Chairs:
Anastasia Ailamaki (EPFL, Switzerland)
Carlo Zaniolo (UCLA, USA)

Tutorial Chairs:
Luis Gravano (Columbia U, USA)
Sunita Sarawagi (IIT Bombay, India)

Proceedings Chairs:
Feifei Li (Florida State U, USA)
Mirella Moro (UF Minas Gerais, Brazil)

Local Arrangements Chair:
Chen Li (UC Irvine, USA)

Treasurer:
Christof Bornhoevd (SAP Labs, USA)

Publicity and Web Site Chair:
Roger Zimmermann (NUS, Singapore)
